

ROOTED TRAVELER CO.

My Garden Planning Worksheets

Plan • Plant • Grow • Harvest

A printable collection for planning your garden,
tracking the growing season, and learning from every harvest.

Before You Plant

A little planning makes room for a season of growing.

01 / My Garden at a Glance

GROWING YEAR

GARDEN LOCATION

APPROXIMATE GROWING SPACE

GROWING ZONE (IF KNOWN)

02 / Understanding My Growing Space

SUNLIGHT

☐ Full sun ☐ Partial sun ☐ Mostly shade

SOIL CONDITIONS

☐ Clay ☐ Sandy ☐ Loamy ☐ Not sure

DRAINAGE

☐ Well-drained ☐ Holds water ☐ Not sure

OTHER CONSIDERATIONS

e.g. wind, frost pockets, access to water, nearby trees, slope, wildlife, etc.

03 / What I Want to Grow

Vegetables, herbs, flowers, or other plants I'd love to try this season.

04 / My Priorities This Season

What would make this growing season successful for me?

- ☐ Fresh food for my kitchen
- ☐ Herbs for teas and wellness
- ☐ Flowers for beauty and pollinators
- ☐ Trying new varieties
- ☐ Improving soil health
- ☐ Creating a low-maintenance garden
- ☐ Other: _____

ADDITIONAL NOTES

Garden Bed Planning & Layout

A little space on paper for everything you hope to grow.

GARDEN / BED NAME

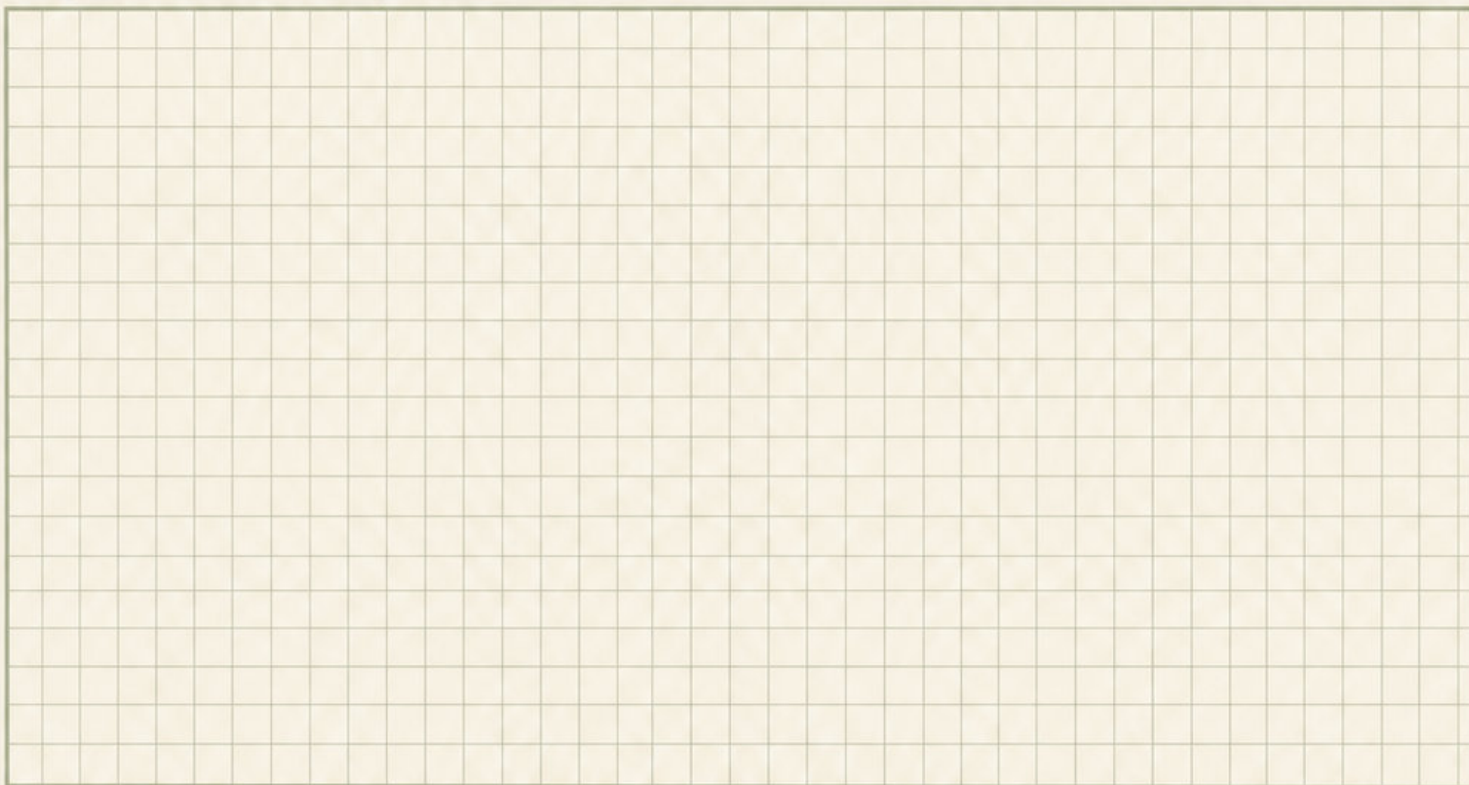

GROWING YEAR

APPROXIMATE DIMENSIONS

ORIENTATION / NORTH

My Garden Layout

N ↑

Sketch beds, rows, containers, pathways, trellises, and planting areas. Each square can represent a measurement of your choice.

Grid Scale

e.g. 1 square = 1 foot, 1 square = 6 inches, etc.

Notes / Planting Key

Planting Schedule & Seed Starting Tracker:

Keep track of every little beginning.

GROWING YEAR _____

LAST EXPECTED SPRING FROST _____

My Planting Schedule

CROP / VARIETY	START INDOORS (Date)	SOW OUTDOORS (Date)	TRANSPLANT (Date)	SPACING (inches or cm)	LOCATION <i>Bed, row, container, etc.</i>

Seed Starting Notes

Germination, seedling care, timing adjustments, varieties to try again, or anything else to remember.

My Garden Care Log

A little care, a little patience, and a garden that grows.

GROWING YEAR

GARDEN / BED

Garden Care Record

DATE	CROP / AREA <i>Plant, bed, or section</i>	CARE / ACTION <i>Water, feed, prune, pest check, etc.</i>	DETAILS / OBSERVATIONS <i>What you did, amounts, products used, results, etc.</i>

Care & Observation Key

Use these shorthand notes or write in full — whatever works for you.

- W = Watering
- F = Feeding / Fertilizing
- P = Pruning / Trimming
- PC = Pest Check
- O = Other

Things to Watch / Follow Up

Plants needing attention, pest activity, soil conditions, or care to repeat.

My Harvest Tracker

Every harvest tells a little story of the season.

GROWING YEAR

GARDEN / BED

My Harvest Record

DATE	CROP / VARIETY	QUANTITY	UNIT	NOTES / QUALITY

Harvest Reflections

What grew especially well? What would I plant more or less of next season?

End-of-Season Garden Reflections

Every growing season leaves something worth remembering.

GROWING YEAR

GARDEN / LOCATION

01 What Grew Beautifully

Which crops, varieties, or growing methods worked especially well?

02 What Was Challenging

Pests, weather, soil, timing, or anything that didn't go as planned.

03 What I Learned

New discoveries, helpful techniques, and surprises worth remembering.

04 What I'll Do Differently Next Year

Changes to planting, spacing, varieties, or garden care.

05

A Little Note to My Future Self

One thing I don't want to forget when spring returns...

Next Season's Garden Plan

A fresh season, shaped by everything you've learned.

PLANNING YEAR

GARDEN / LOCATION

01 What I'll Grow Again

Favourite crops and varieties worth bringing back.

02 What I'd Like to Try

New varieties, plants, or growing techniques to explore.

03 Changes to My Garden

Bed layouts, soil improvements, spacing, supports, or watering.

04 Before the Season Begins

A few practical things to prepare before planting.
